

2018 Council District 6 Street Transportation Proposed Pavement Preservation Program

RESURFACING TREATMENTS

-  Crackseal
-  Microseal
-  Overlay
-  Polymer Modified Masterseal
-  Slurry Seal
-  Tire Rubber Modified Surface Seal

The resurfacing schedule is only proposed until construction and could change at any time due to unforeseen changes in budgets, funding levels, the condition of the pavement after the next data collection cycle, and construction conflicts.
